Sheet Membranes and Shower Products CATALOG AND PRICE BOOK

To our Valued Customers:

A lot has changed since the Noble Company was founded 75 years ago, but one thing remains the same; the people. Not only does the group of people you see here care about each other, they are committed day in and day out to making the best products the industry has to offer because they care about you; our customer.

Without you and the support you give the Noble Company, this page would be blank. We are passionate about providing quality products and system solutions to position ourselves for another 75 years of service to our customers. Much gratitude goes out to all of those who came before us to establish the Noble Company and build it to what it is today.

Here's to you, our customer, and to another 75 years of simple solutions... proven performance.

Thank you,

The Noble Team

CONTRACTOR TRAINING PROGRAMS

Noble offers contractor training programs focusing on installation methods used with Noble products in commercial and residential applications.

The programs are specifically designed to help tile contractors:

- Avoid costly callbacks
- Improve installation efficiency; optimize time, energy, and money
- Maximize shower sales

These free hands-on trainings are being held in various locations throughout the United States and Canada. For more information and to see when training will be held in your area, please contact us at 1(800) 878-5788, or sales@noblecompany.com.

PRODUCT TRAINING

We also provide Live On-line Product Training Webinars featuring different Noble products installations with Q&A's. Check our website and Facebook page for more information about when our next live webinar training will be. Previously recorded webinars available at www.noblecompany.com and www.YouTube.com/user/NobleCompany.

SHEET MEMBRANES

For more than 55 years, Noble Company has pioneered the use of sheet membranes in the tile and stone industry. NobleSeal brand sheet membranes (TS, CIS, SIS, Noble Deck) and Chloraloy have a core layer which consists of Chlorinated Polyethylene (CPE), an inherently flexible elastomeric sheet guaranteed not to rot, crack, or deteriorate due to microorganisms. Sheet membranes are available for waterproofing, crack isolation, joint bridging, and sound reduction. Noble sheet membranes save time, money, are easy to install, and provide quality solutions to prevent costly failures. All of Noble Company sheet membranes are made in the U.S.A.

PERFORMANCE TESTED

Ensuring that our products are designed to meet the challenges of industry standards is part of Noble's quality assurance program. Noble products have undergone stringent testing to industry standards including ANSI and ASTM, as well as meeting the code requirements of the UPC and IPC. In addition, Noble Company is integral in the continuous improvement and development of installation guidelines and requirements through participation in organizations such as TCNA, NTCA, TCAA, ISO, ANSI, and MMSA.

ICC-ES PMG™

CONTINUING EDUCATION SEMINARS

Noble Company is an Authorized Provider of Continuing Education for AIA and IDCEC. We conduct seminars for design and construction professionals. These seminars provide information about cost-effective solutions to problems created by today's fast-paced, cost-driven construction techniques.

Our programs offer learning unit credits for AIA and IDCEC Continuing Education and Health, Safety & Welfare (LU/HSW). To register for a seminar or obtain more information, contact your local Noble Company Sales Representative or Noble Company at (800) 878-5788, or sales@noblecompany.com. Live Webinars and Lunch & Learns available upon request.

Noble On-Demand AIA CEUs available at: www.noblecompany.com/education.

NOBLE COMPANY IS A MEMBER OF THE FOLLOWING ORGANIZATIONS & ASSOCIATIONS:

INSTRUCTIONAL VIDEOS

Noble Company offers free online instructional videos. The videos demonstrate installation techniques of full mortar bed and thin-set methods for showers, as well as an overview of the FreeStyle Linear Drain system.

These helpful videos can be found online at noblecompany.com or www.YouTube.com/user/NobleCompany

MOBILE APP

Noble Company now offers a free mobile app. This app allows you to view product videos, details, and instructions on-the-go. Download for free from the iTunes or Google Play App stores.

| PART NO. | DESCRIPTION | WEIGHT/ UNIT | MIN ORDER | PALLET QTY | PRICE/ UNIT |
|----------|------------------|--------------|-----------|------------|-------------|
| 3503 | 1.65 gallon pail | 22 lbs | 6 pails | 64 pails | \$150.00 |
| 3504 | 3.3 gallon pail | 44 lbs | 4 pails | 30 pails | \$300.00 |

FEATURES & BENEFITS

The perfect complement to the 50-year history of Noble Sheet Membranes. AquaBlue by Noble Company provides an easy to apply liquid waterproofing membrane for interior applications where an alternate to sheet waterproofing may be favored.

- Ready to use
- Trowel, roller, or brush application
- Mold and mildew resistant
- Can be used with any Noble Company sheet membrane
- Rectangular shaped pails allow for easy use with a roller

Standard Warranty is 10 years. When used in conjunction with Noble Company Sheet Membranes as the pan material, the warranty of the “system” matches the warranty of the sheet membrane.

DIMENSIONS

Wet Film Thickness: .020 - .025 mils per coat
 Total Dry Thickness (two or three coats): .030-.040 mils
 Coverage:
 1.65 gallon pail = 50-85 sq ft
 3.3 gallon pail = 100-165 sq ft

WATERPROOFING

¹TCNA
Exposure
Classification:

- ALL WET AREAS
- Food Courts
- Hotels
- Condominiums
- Single/Multi-Unit Homes
- Health Clubs
- Healthcare Facilities
- Malls and Plazas
- Dormitory/Military

| PART NO. | DESCRIPTION | UNITS/PALLET | QTY/CTN | PRICE/SF | PRICE/UNIT |
|----------|-----------------------|--------------|---------|----------|------------|
| 186 | 5' x 100' (500 sq ft) | 20 units | 1 | \$2.86 | \$1,430.00 |

FEATURES & BENEFITS

The membrane that set the industry standard for bonded thin-bed waterproofing and crack isolation. Use in wet areas including showers and continuous use steam showers and other interior applications. NobleSeal TS has superior permeation characteristics. With more than 35 years of proven industry performance, NobleSeal TS is installed in some of the world's most prestigious projects.

- Unsurpassed quality and performance
- Suitable for steam showers – impervious to water and vapor (0.15 perms)
- Highest performing crack isolation membrane available:
Bridges more than 1/8" movement
- Sheet membrane: Ensures uniform quality, thickness, and minimizes variables in workmanship
- Lightweight and easy to fold and crease
- Durable and resistant to chemical compounds
- Made from Chlorinated Polyethylene (CPE)
- For best results install with NobleBond EXT as bonding agent
- LIFETIME WARRANTY

| 175 | 6' x 50' (300 sq ft) | 24 units | 1 | \$2.86 | \$858.00 |

* Items marked are packed in qty/carton as indicated.

FEATURES & BENEFITS

Bridges more than 1/8" movement. For use over common substrates including concrete, cured mortar beds, primed gypsum underlayments, many wood subfloors, and radiant heat. A superior membrane with the highest ANSI standard performance rating for crack isolation. With more than 30 years of proven industry performance, NobleSeal CIS is installed in some of the world's most prestigious projects.

- Superior performance for residential and commercial crack protection
- Impervious to water and vapor (0.15 perms)
- Sheet membrane: Ensures uniform quality, thickness, and minimizes variables in overall workmanship
- Lightweight and easy to fold and crease
- Made from Chlorinated Polyethylene (CPE)
- Great solution for OSB and lightweight gypsum underlayments
- Fully compatible with a variety of multi-purpose thin-set bonding agents that meet ANSI A118.4
- For best results install with NobleBond EXT as bonding agent
- LIFETIME PRODUCT WARRANTY
- 10-YEAR CRACK-FREE PERFORMANCE WARRANTY

NobleSeal® SIS

SOUND REDUCTION

U.S. Patent No. 6,077,613

¹TCNA
Exposure
Classification:

- High-Rise Buildings
- Libraries
- Apartment Buildings
- Hotels
- Condominiums
- Single/Multi-Unit Homes
- Healthcare Facilities
- Dormitory/Military

| PART NO. | DESCRIPTION | UNITS/PALLET | QTY/CTN | PRICE/SF | PRICE/UNIT |
|----------|------------------------|--------------|---------|----------|------------|
| 162 | 6' x 33.3' (200 sq ft) | 24 units | 1 | \$4.35 | \$870.00 |

FEATURES & BENEFITS

The superior sound reduction membrane for use under hard surface floors including ceramic and stone tile, and hardwood flooring. Use over common substrates such as concrete, cured mortar beds, tile backer boards, many plywood subfloors, radiant heat, and primed gypsum underlayments. NobleSeal SIS is the only membrane that offers sound reduction, crack isolation, and waterproofing all in one thin sheet.

- Effective impact sound reduction
- Also provides waterproofing and crack isolation
- More than 25 years of proven industry performance
- The thin profile of SIS minimizes elevation, door-jamb, and cabinet height issues
- Excellent for renovations
- Sheet membrane: Ensures uniform quality, thickness, and minimizes variables in overall workmanship
- Made from Chlorinated Polyethylene (CPE)
- For best results install with NobleBond EXT as bonding agent
- LIFETIME WARRANTY

FEATURES & BENEFITS

ValueSeal is an ultra-thin, cost-effective sheet membrane for interior waterproofing of floors and walls. Designed for bonded waterproofing applications in both residential and commercial construction. At 16 mils, it is Noble's thinnest membrane. ValueSeal has superior characteristics and more seaming options than other thin waterproofing sheet membranes on the market.

- Thin, lightweight, flexible
- Holds a crease
- Crack isolation when installed with NobleBond EXT
- For commercial and residential use
- Available in 3' and 6' widths
- Can be bonded with modified thin-set or NobleBond EXT
- Translucent, easily see coverage of bonding agent
- Made from Polyethylene
- 10-YEAR PRODUCT WARRANTY

DIMENSIONS

| 111 | 6' x 33.3' (200 sq ft) | 24 units | 1 | \$3.80 | \$760.00 |

FEATURES & BENEFITS

The original CPE waterproofing sheet membrane that set the standard for loose-laid shower pans. A record of proven performance with over 55 years of successful installations. Chloraloy is designed for use under full mortar bed installations of ceramic or stone tile and terrazzo. Excellent for use as a shower pan liner or to waterproof roman tubs, steam rooms, bathrooms, and hydrotherapy rooms.

- Unsurpassed barrier to water and vapor
- Proven performance – more than 55 years
- Easy to fabricate and form – holds a crease so corners and folds are tight
- Sheet membrane: Ensures uniform quality, thickness, and minimizes variables in workmanship
- Made from high-grade Chlorinated Polyethylene (CPE)
- LIFETIME WARRANTY

FEATURES & BENEFITS

The waterproofing membrane for loose-laid shower pans. RichPan is designed for use under full mortar bed installations of ceramic or stone tile and terrazzo. Designed for use as a shower pan liner.

- Barrier to water and vapor
- Sheet membrane: Ensures uniform quality, thickness, and minimizes variables in workmanship
- Made from pure, flexible Polyvinyl Chloride (PVC)
- 5-YEAR PRODUCT WARRANTY

FEATURES & BENEFITS

Convenience, easy-in/easy-out, and touch-free service are all things that have become popular over the last year. To that end, Noble Company is now making it easy to purchase PVC for a shower pan. Most common shower sizes can be accommodated by the three different cut-to-length rolls being offered. The material is packaged in a poly-bag to add protection of the material during handling.

Noble

- *Adhesives*

- *Sealants*

- *Cleaners*

Products that bring out the best in Noble Company membrane, drain, and foam product installations. NobleSealant provides for seaming and sealing of membranes, niches, or drains, while NobleSealant 250 offers a practical method for sealing of wall joints and transitions in an AquaBlue installation. NobleBond EXT offers a high-strength, water-resistant bond in NobleSeal sheet membrane installations. These accessory products have stood the test of time and are used in some of the world's most prestigious projects and developments.

NobleBond EXT

SHEET MEMBRANE BONDING

| PART NO. | DESCRIPTION/ COVERAGE | QTY/ PALLET | QTY/ CTN | PRICE/ UNIT | PRICE/ CTN |
|----------|--------------------------|-------------|----------|-------------|------------|
| 3391 | 1 gallon (80-100 sq ft) | 180 | 4 | \$93.60 | \$374.40 |
| 339 | 4 gallon (320-400 sq ft) | 48 | 1 | \$280.80 | \$280.80 |

FEATURES & BENEFITS

Wet-set adhesive for bonding NobleSeal and Noble Deck sheet membranes in interior and exterior applications, including showers. NobleBond EXT is a high-strength, water resistant adhesive with a fast cure time making it ideal for horizontal and vertical surfaces. Contains antimicrobial protection which inhibits the growth of mildew and bacteria. Can be used over cured concrete, cementitious backer boards, plywood that has not been chemically treated, terrazzo substrates, and more. NobleBond EXT can also be used with radiant heating systems.

SIZES

1 gallon and 4 gallon pails
Coverage: approximately 80-100 sq. ft. / gallon

SHELF LIFE

Maximum shelf life of two years from date of manufacture on unopened package. Protect from freezing.

NobleSealant 150

WATERPROOFING SEALANT AND SEAMER

| PART NO. | DESCRIPTION/ COVERAGE | QTY/ CTN | PRICE/ UNIT | PRICE/ CTN |
|----------|---------------------------------------|----------|-------------|------------|
| 320 | 10.3 oz tube (3/16" bead ~ 40 lin ft) | 10 | \$36.40 | \$364.00 |

FEATURES & BENEFITS

Polymeric waterproof sealant for seaming sheet membranes together. Can be used as a concealed terminal edge sealant. Also used to spot bond sheets to vertical or horizontal surfaces or to bond preformed corners to membranes, studs, etc.

- Excellent resistance to ozone, sunlight, and weathering
- Adheres to wood, metal, concrete, glass, plastic, and rubber
- Synthetic co-polymer rubber – high solids
- Unaffected by exposure to water after it has cured
- Broad temperature use range (-65°F to 122°F)

SIZES

Available in 10.3 oz tubes
Coverage: approximately 40 linear feet per tube (3/16" bead)

SHELF LIFE

Maximum shelf life of three years from date of manufacture on unopened package. Protect from freezing.

NobleSealant 250 *Low VOC*

WATERPROOFING SEALANT AND SEAMER

| PART NO. | DESCRIPTION/ COVERAGE | QTY/ CTN | PRICE/ UNIT | PRICE/ CTN |
|----------|---------------------------------------|----------|-------------|------------|
| 3201 | 5 oz tube (3/16" bead ~ 20 lin ft) | 24 | \$20.80 | \$499.20 |
| 3200 | 10.3 oz tube (3/16" bead ~ 40 lin ft) | 12 | \$36.40 | \$436.80 |

FEATURES & BENEFITS

Thermosetting elastomeric hybrid polymer that is unaffected by water when cured. It is a low VOC product used for seaming and sealing. Material is a moisture cure product which can allow for flood testing in 30 minutes to 4 hours depending on environmental conditions.

- Low VOC
- Seam Noble bonded sheet membranes
- Seal penetrations in the sheet membrane
- Fills cracks, voids and seams prior to using a liquid waterproofing material
- Provides seal between waterproof membrane and Noble drain body

SIZES

Available in 5 oz and 10.3 oz tubes
Coverage:
5 oz: approximately 20 linear feet per tube (3/16" bead)
10.3 oz: approximately 40 linear feet per tube (3/16" bead)

SHELF LIFE

Maximum shelf life of one year from date of manufacture on unopened package. Protect from freezing.

NobleWeld 100

WATERPROOFING SEAMER AND SEALANT

| PART NO. | DESCRIPTION/ COVERAGE | QTY/ CTN | PRICE/ UNIT | PRICE/ CTN |
|----------|----------------------------|----------|-------------|------------|
| 311 | Pint (50 lin ft ~ 3" seam) | 6 | \$25.48 | \$152.88 |

FEATURES & BENEFITS

Solvent welding system for seaming sheets of Chloraloy

- Chemically fuses bare CPE sheets
- Provides high-strength seam

SHELF LIFE

Maximum shelf life of three years from date of manufacture on unopened package. Protect from freezing.

SIZES

1 pint container
Coverage: approximately 50 linear feet / pint

PVC Seam Cement

WATERPROOFING SEAMER AND SEALANT

| PART NO. | DESCRIPTION/ COVERAGE | QTY/ CTN | PRICE/ UNIT | PRICE/ CTN |

SHELF LIFE

Maximum shelf life of one year from date of manufacture on unopened package. Protect from freezing.

SIZE

- 90-Count Canister
- Single Packs

FEATURES & BENEFITS

Tub O' Towels industrial-strength wipes are specially formulated to be tough on grease, tar, ink, paint, dirt, grime, and many other messes. While designed to clean thousands of surfaces including tile, tools, metal, leather, floors, walls, auto interiors and exteriors, and so much more, these wipes are also excellent at cleaning your hands.

Noble Installation Accessories

Noble Company's installation accessory items address the most challenging installation requirements. Thin-Line corners minimize build up and provide a timely method to address waterproofing concerns at corners and changes of planes. The patented NobleFlex and NobleFlex SD offer a simple solution to transition to a drain. AquaSeal accessories are designed to complete a liquid waterproof membrane installation.

FEATURES & BENEFITS

Inside Corners provide a waterproof connection at the lap corner to protect against leaks. Made from either Chlorinated Polyethylene (CPE) or Polyvinyl Chloride (PVC), they will not rot, crack, or deteriorate due to microorganisms.

Outside Corners protect against leaks at dams, over curbs, and outside corners. These corners allow for a quicker, watertight installation.

CPE corners are to be used with Chloraloy, and "fleece" sheet membranes.

PVC corners are to be used with RichPan or PVC Pan Liner.

| 3506 | AquaSeal Drain Flashing | 10 | \$20.00 | \$200.00 | 1 | \$22.00 |

SIZES

10" OD / 2½" ID

FEATURES & BENEFITS

Drain flashing for use with AquaBlue liquid membrane. When using AquaBlue on the shower pan, the AquaSeal Drain Flashing provides for a waterproof transition at the drain. Flashing is bonded with modified thin-set or NobleSealant 250.

Noble

- ***Niches***
- ***Benches***
- ***Curbs***

Adding storage space within a shower environment is becoming more common. Noble Company has the solution with the industry's widest range of preformed, waterproof, ready-to-tile niches. Custom sizes and configurations can be accommodated through special order. Within the shower space, add one of many different shapes and configurations to increase comfort and utility. Benches can be installed during the installation process or into an existing shower to add space for seating, shaving, or storage.

FEATURES & BENEFITS

Preformed, waterproof, and ready to tile, Noble Benches are a convenient addition to any custom shower. Can be cut and combined to create custom seating in any shower or wet area. Made from durable, lightweight materials, they are easy to install. Available in custom shapes and sizes with minimum quantity orders.*

Shelf Bench seat is made from Extruded Polystyrene (XPS), coated with acrylic polymer finish for thin-set installation of ceramic or stone tile and supported with a high-quality aluminum frame.

Custom sizes available upon request.
*Sold in full cartons only.

FEATURES & BENEFITS

Creates a tileable surface over the dam. Made from Expanded Polystyrene (EPS) and coated with acrylic polymer finish for thin-set installation of ceramic or stone tile. Easy to install, eliminates need for penetrations of the shower pan liner inside or on top of the dam. Lightweight, durable, and easily cut to size. Custom sizes are also available with minimum quantity orders.

SIZES

CURB OVERLAY: 3', 4', 5' and 8' lengths.*
SOLID CURB: 3', 4', 5' and 6' lengths.*

*Custom sizes with minimum quantity order.

Note: Actual dimensions may vary +/- 1/16".

Curb Overlays are used for full mortar bed installations when using a pan liner. Designed for use over loose-laid pan liner with two-by-fours.

Solid Curbs are used for thin-bed installations using a bonded sheet membrane or liquid-applied membrane. Membrane should wrap over the curb and terminate at floor.

Noble

- *Slopes*

- *Bases*

It all starts with a solid foundation. Pro-Slope has a long-standing legacy as the go-to pre-slope product for a full mortar bed installation. ProBase II shower base system from Noble Company provides the industry's greatest impact resistant surface to accommodate code approved slope to drain. ProBase II is available in either a single-slope for use with a linear drain and large format tile or multi-slope for a point drain and smaller format tile solutions. ProBase II can also be customized to fit any configuration.

FEATURES & BENEFITS

Patented preformed composite made from Expanded Polystyrene (EPS) with a reinforced cutting template that creates a code required slope under the waterproofing sheet membrane in a full mortar bed installation. Durable and strong, rated at 500 lbs/sq ft, PRO-SLOPE is lightweight and easy to cut. An ideal accessory for any shower installation.

Each PRO-SLOPE includes a Positive Weep Protector to fit around the neck of the drain and keep the weep holes from getting plugged.

SIZES

ProBase® II

MULTI-SLOPE™ SHOWER BASES *Patent Pending*

SLOPE

Per ANSI standard 108.1A, section 2.3.4, slope is 2% (1/4" per foot) from the furthest distance to drain hole. This applies to custom bases as well. Noble Company does not standardize on one material thickness, but bases its thickness on the slope to the furthest edge of the base. Each base has a consistent thickness around the entire perimeter.

STANDARD SIZES AND THICKNESS *Material thickness at drain hole in base is 1/2"*

PBII-MS Kit Includes:

- Preformed Sloped Shower Base
- ValueSeal Sheet Membrane
- Noble Solid Curbs
- NobleSealant 250
- Thin-Line Installation Combo Pack

FEATURES & BENEFITS

ProBase II Multi-Slope is a slope-to-drain preformed shower base providing an ideal integration with FreeStyle Thin-Bed Drains. The Honeycomb Composite shower base offers superior impact resistance, while the Foam base offers an option for price-conscious projects. Noble waterproofing sheet membrane bonds directly to the base. Its low profile allows for ADA compliant configurations. The base is easy to cut and can accommodate various shower size installations. No substrate modification is required. Items included in the kit are shown above, which, when paired with the FreeStyle Thin-Bed Drain (sold separately) provide for a complete shower solution.

PRE-WATERPROOFED *ProBase® II* BARRIER-FREE RAMP

| PART NO. | DESCRIPTION | QTY/ CTN | PRICE/ UNIT |
|----------|-------------------------|----------|-------------|
| 5148 | Barrier-Free Ramp - 48" | 5 | \$45.00 |
| 5148 | Barrier-Free Ramp - 48" | 1 | \$56.25 |

FEATURES & BENEFITS

The surging popularity of barrier-free showers has created many construction obstacles in satisfying this requirement. Noble Company has now made it easier to adapt its industry-leading ProBase II shower bases to a barrier-free installation. The Barrier-Free Ramp incorporates a 1:12 slope to meet code requirements and will transition from 1/4" at the leading edge up to 1 5/8" at mating edge. The construction is the same honeycomb composite that you have grown to trust to stand up to harsh compression environments. In addition, the base is covered with a waterproof membrane to make the transition even easier to accommodate.

FEATURES & BENEFITS

Noble Company introduces a program to get the shower base you need when you need it. Select from common shapes, fill in dimensions and drain location, and select base material (honeycomb/foam composite or foam-only).

Determine outside square inches per shape (**A** × **B**) and multiply by the square inch price for base type to determine your price. Selection sheets can be found on www.noblecompany.com.

Base Material options:

- Honeycomb Composite
- Foam

Custom Sizes and Shapes: up to 72" × 72" *

*For sizes greater than 72" × 72" and configurations not shown, use the "Unique" form and attach a sketch for evaluation and approval by Noble Company.

ProBase® II

SINGLE-SLOPE SHOWER BASES Patent Pending

SLOPE

Per ANSI standard 108.1A, section 2.3.4, slope is 2% (1/4" per foot) from the furthest distance to drain hole. This applies to custom bases as well. Noble Company does not standardize on one material thickness, but bases its thickness on the slope to the furthest edge of the base. Each base has a consistent thickness around the entire perimeter.

STANDARD SIZES AND THICKNESS

Material thickness at drain hole in base is 1 1/4"

BASE MATERIAL OPTIONS

Honeycomb

Compressive Strength:
235 PSI

Foam

Compressive Strength:
46 PSI

32" x 60" END DRAIN (for 24" and 32" FreeStyle Linear Drains)

64" x 64" END DRAIN (for 32" through 60" FreeStyle Linear Drains)

DRAIN OPTIONS

Available Drain Lengths
(A): 24", 32", 36", 40", 48",
54", and 60"

ProBase II Single-Slope is designed to integrate to the Noble FreeStyle Linear Drain. Shims can be used to space drain from wall and to center drain within the base.

SINGLE-SLOPE SHOWER KIT

| PART NO. | DESCRIPTION | QTY/CTN | PRICE/UNIT |
|-----------|-------------------------------------|---------|------------|
| 5060106 | 32" × 60" End Drain Kit - Honeycomb | 1 | \$650.00 |
| 506464106 | 64" × 64" End Drain Kit - Honeycomb | 1 | \$900.00 |
| 5060206 | 32" × 60" End Drain Kit - Foam | 1 | \$575.00 |
| 506464206 | 64" × 64" End Drain Kit - Foam | 1 | \$700.00 |

PBII-SS Kit Includes:

- Preformed Sloped Shower Base and Shims
- ValueSeal Sheet Membrane
- Noble Solid Curbs
- NobleSealant 250
- Thin-Line Installation Combo Pack

BASE MATERIAL OPTIONS

Honeycomb

Compressive Strength:
235 PSI

Foam

Compressive Strength:
46 PSI

FEATURES & BENEFITS

ProBase II is a single-slope-to-drain preformed shower base providing an ideal integration with FreeStyle Linear Drains. This preformed shower base offers superior impact resistance. Noble waterproofing sheet membrane bonds directly to the base. Its low profile allows for ADA compliant configurations. The base is easy to cut and can accommodate various shower size installations. No substrate modification is required.

NOTE: FreeStyle Linear Drain is selected and sold separately.

SIZES

Base Material options:

- Honeycomb Composite
- Foam

Standard Sizes:

- 32" × 60" end drain (for use with 24" and 32" FreeStyle Linear Drains)
- 64" × 64" end drain (for use with 32" through 60" FreeStyle Linear Drains)

NOTE: Base includes a 4 1/2" shim to allow for spacing the drain away from the wall if desired. Shim material is also used to center drain in base opening if drain length is less than base width.

Custom sizes available upon request.

Foam

Compressive Strength:
46 PSI

FEATURES & BENEFITS

The Pre-Waterproofed ProBase II is a single-slope-to-drain preformed shower base providing an ideal integration with FreeStyle Linear Drains. This shower base offers superior impact resistance. Its low profile allows for ADA compliant configurations. The base is easy to cut and can accommodate various shower size installations. No substrate modification is required.

The sloped base is pre-waterproofed with ValueSeal sheet membrane, reducing installation time. Items included in the kit are shown above, which, when paired with the FreeStyle Linear Drain (sold separately) provide for a complete shower solution.

NOTE: FreeStyle Linear Drain is selected and sold separately.

SIZES

Base Material options:

- Pre-Waterproofed Honeycomb Composite
- Pre-Waterproofed Foam

Standard Sizes:

- 32" x 60" end drain (for use with 24" and 32" FreeStyle Linear Drains)
- 64" x 64" end drain (for use with 32" through 60" FreeStyle Linear Drains)

NOTE: Base includes a 4½" shim to allow for spacing the drain away from the wall if desired. Shim material is also used to center drain in base opening if drain length is less than base width.

Noble

Drains

The FreeStyle Linear Drain offers contemporary styling with a selection of seven drain lengths with four brushed stainless steel strainer styles as well as a tile-top strainer. The single-pitch slope to drain allows for the use of large format tiles to complement the floor system used in the dry area. A barrier-free design can be achieved by resting the drain body on the integral flanges. Noble Company FreeStyle Linear Drains can be customized to meet project design requirements.

The FreeStyle Thin-Bed Drain is a proprietary drain introduced by Noble Company in 2020 and is designed primarily to be used with Noble's ProBase II Multi-Slope shower system. However, it can be used on its own and does offer accessory items to transition to challenging installation requirements. Its low-profile strainer head allows for simple adaption to a barrier-free installation.

FEATURES & BENEFITS

Contemporary styling with a selection of seven drain lengths and brushed stainless steel or tile-top strainers. FreeStyle Linear Drains allow the use of larger tiles for greater design flexibility. A clamping collar assures a watertight connection between the drain and the waterproofing sheet membrane. Low profile and high capacity drainage (36 GPM) make the FreeStyle Linear Drain ideal for use in barrier-free/ADA showers. Drain hole locations are available in center location as well as offset. Customize and combine these for a unique design with standard or large format tiles. The removable internal pre-strainer makes maintenance a breeze.

FULL MORTAR BED ADAPTER KIT AND CONNECTOR KIT ALSO AVAILABLE.

FEATURES & BENEFITS

The Strainer can be ordered separately from the Base via the Strainer Kit. Kit includes the strainer selected and all hardware for mounting the strainer, including snap caps which provide for a no-tool removal. The pre-strainers that are placed on each side of the drain outlet are also included in this kit.

*Strainer height is adjustable to match tile height.

¹ Complies with ADA guidelines for handicap accessible showers

FreeStyle Linear Drains™

BASE KIT

FEATURES & BENEFITS

The Base can be ordered separately from the Strainer via the Base Kit. Kit includes the base material, length and drain outlet location selected, and all hardware for mounting the base; clamping collar and screws, NobleSealant 250, and NobleSeal TS flashing for integration to other waterproofing methods.

FEATURES & BENEFITS

Strainer Connector Kits allow multiple drains and strainers (grates) to be connected. There are three versions of the connector kits. The proper kit is based on the drains that you are planning to connect (i.e., 60" long drain to 32" long drain requires part #8514).

Confirm in the chart above that you have the correct Strainer Connector Kit. **Not for use with Tile-Top Strainers.**

The Strainer Connector Kit is made up of the following:

- A solid, brushed stainless connector piece with tabs that interlock the strainers.
- A white plastic height adjustment tool that allows for the additional thickness of the tabs mentioned above.

Clamping Ring Hub Transition

Hair Strainer and Strainer Levelers

FEATURES & BENEFITS

Solutions Linear Drains add style and function to a tile or stone shower installation. Can be combined with other Noble Company products to create a total system solution. Meets plumbing code requirements, and is ideal for wet areas like tiled showers. Strainers available in several finishes, and quality construction helps ensure performance. Drain body features integral 1" textured bonding flange for transition to waterproof membrane. A clamping ring hub transition is available to allow the drain base hub to connect to the smooth interior hub of the ring. The ABS drain body is sloped internally to discharge water to drain. The hardware pack (included with strainer) contains hair trap and several strainer height adjustment levelers. The drain base and strainer sold separately. Solutions Linear Drains can be installed in both a full mortar bed installation as well as a thin-bed installation

FEATURES & BENEFITS

Noble Freestyle Thin-Bed Drain is a low-profile dependable drain that can adapt to Noble's ProBase II Multi-Slope Base or can be used with mud beds. The clamping ring provides for integration of the sheet membrane to drain for a watertight connection. Weep slots and holes are integrated into the drain body for maximum drainage. Available in 5 finishes and two base materials. PVC Base is white. ABS base is black.

FEATURES & BENEFITS

Three-part shower drains that provide a mechanical attachment of the waterproofing sheet membrane to ensure waterproof integrity, and quality construction helps ensure durable performance. The weep slots and holes on both sides of the collar maximize drainage. With over 2" of height adjustment available, this drain is built with brass inserts in the collar and the tail-piece prevents damage from over-tightening.

TERMS OF SALE

PAYMENT TERMS

2% 15 Days, Net 30

All prices quoted and payable in US Dollars

Minimum Invoice Charge \$25.00

Broken Carton Charge: 25%

FREIGHT TERMS

Sheet Membranes

Any order with a total of 3,000 sf of combined membrane material qualifies for prepaid freight.

Orders less than 3,000 sf total will be charged at 12% freight of total net order.

Customer carrier account can be used and freight charge will be waived.

Any order with a minimum of 3,000 sf of membrane material will allow all other add-on items to ship prepaid.

Liquid Membranes

Freight is prepaid and allowed when ordering a full pallet quantity.

Freight is prepaid and allowed when ordered with a minimum of 3,000 square feet of sheet membrane.

Orders less than freight allowed will be charged at 15% freight of total net order of liquid membrane.

Customer carrier account can be used and freight charge will be waived.

All other standard Noble Company terms and conditions apply.

ProBase® II Kits, FreeStyle Linear Drains™

Freight is prepaid and allowed.

All Other Products

Freight is prepaid and allowed on orders of \$300 net or more.

Freight is prepaid and allowed when ordered with a minimum of 3,000 sf of membrane material.

Orders less than \$300 net of these products will be charged at 12% freight of total net order.

Customer carrier account can be used and freight charge will be waived.

Orders shipped 2nd Day, Next Day, or any other expedited service, will be billed freight and any other special handling charges.

All orders are shipped FOB shipping point. The title of goods passes to the Buyer at shipping point. The Buyer owns the goods while in transit and assumes all risk. Freight charges are prepaid by the Shipper to the Carrier.

Any shortages or damages in shipments must be reported to common carrier upon receipt.

All concealed damages must be reported to the freight company within 48 hours. All claims must be filed with the freight company.

RETURN MATERIAL

Noble Company will not accept returns after 90 days.

Any return request must be pre-approved by Noble Company. Return Goods Authorization (RGA) number must be assigned by Spring Lake Office.

Items with expiration dates may require additional information prior to return.

Material must be returned freight prepaid.

If inspection finds material to be defective, it will be replaced or a credit will be issued for the material and the return freight charges incurred.

If material is not found to be defective, credit will be issued for material less a 25% restocking charge.

Returned goods will not be accepted if returned collect, used, cut, treated, or if custom material.

Prices subject to change without notice. Possession of this price list is not an offer to sell. This price sheet renders all previously dated price sheets obsolete.

Noble Company, Spring Lake, Michigan

Founded in 1946, the Noble Company has established a reputation of providing quality, innovative products for the plumbing and tile industries. Identifying problems and developing solutions that add value and exceed customer expectations has been the ongoing mission of our company. Noble Company products are available globally through our distribution network.
