

WHAT EVERY ARCHITECT AND SPECIFIER NEEDS TO KNOW

WATERPROOFING, CRACK ISOLATION, AND PERMEATION IN DIVISION 9 APPLICATIONS

CES HSW COURSES

WHAT YOU WILL LEARN

These 1-hour CES HSW approved courses focus on installation methods and interior waterproofing systems that comply with industry guidelines and prevent failures. Examine moisture/vapor transmission and crack isolation, as well as ancillary design elements that contribute to the success of your waterproofing detail. The real-world examples presented are timely, practical, and enable you to effectively implement the knowledge gained.

ABOUT THE PRESENTER

Brandon Greer

AIA Allied Member - Middle Tennessee, CSI

Architectural Representative - Eastern Region, Noble Company

Brandon has been in the building materials industry for 8 years with key focuses on both residential and commercial building. Over his tenure in building materials, he has personally renovated and built over 20 properties. He is the newest addition to the Noble Family and is eager to help with all of your Division 9 needs.

Phone: (615) 545-7300
